

GREATER POWER TO BE REQUIRED SAYS MR. MEAD

Definite Proposition To Be Made to Chamber of Commerce

Announcement that the Consolidated Water Power and Paper company is considering an extension of its plant here, and will need in return a higher head of water in order to develop more power, was made informally at a meeting of a group of business men at noon Monday by George W. Mead, secretary-treasurer, and T. W. Brazeau, attorney for the Consolidated.

Came Through Chamber
A definite statement of the company's plans was not given. They have not been fully worked out. When ready, they will be presented to the city through the Chamber of Commerce and the city government.

Present Power Costly
With the present investment, Mr. Mead said, it has been only recently found that the water power here has shown a saving over the expense of developing the same power by steam. At present it is a little lower, as it should be, and with increased power the relative cost should be further reduced. At present, he said, power is a part of the time drawn from Wisconsin Rapids to operate the mill here, as well as at other times sent from here to the Rapids.

Would Enlarge
A number of local people, said Mr. Mead, have asked the company to increase its operations here and enlarge its plant and the company is anxious to do so. As, however, it is now using all the power developed here, it will be necessary, in order to enlarge the plant, to have a further head of water. He believed that the margin of 18 inches, allowed by the state commission conditionally, should be used.

No Bonus Accepted
"The company will never ask a bonus from Stevens Point," he said, "and in fact would refuse one if offered. And it will also pay fully and fairly for whatever property it may need and any damage it may do. What we ask of the community is fair consideration and cooperation in getting what is needed in order to make the extension here possible."

Well Treated Here
It was only after urging by a number of local business men, who called twice at the company's offices at Wisconsin Rapids, that the Consolidated agreed to come in here six years ago, he said. The company, he said, had been well treated here and had no complaint to make. While there had been litigation, it was "friendly litigation" so far as it was possible for lawsuits to be friendly.

Eliminate Slough
Mr. Brazeau pointed out the need of doing away with the slough and beautifying the Wisconsin river banks, and he said that the city could count on the cooperation of the Consolidated in any plans which it might make in that direction.

Has a Soul
"The Consolidated," said Mr. Brazeau, "is a corporation with a soul. When it was first proposed to develop the power at Stevens Point, some favored taking the power to Biron and making the factory development there, but Mr. Mead took the view, and not from a business standpoint altogether, that the power should be employed where developed. At the Rapids we have beautified our grounds, helped by contribution and otherwise in the city development and improvement generally, and it will not be a bad thing for Stevens Point to have the Consolidated increase its interests here."

Mayor Welsby, who was one of those who heard the statement of the Consolidated officials, promised to give any proposal from the company friendly consideration provided it will be mutually profitable to the people of Stevens Point and the corporation.

NO TRACE IS FOUND OF RELATIVES HERE

**Man Who Expired at Ashland Leaves
Estate Which May Revert to
State Treasury**

Diligent search during the past 24 hours has failed to locate any relatives of Louis Smith, alias Monalewski, Kropielowski, etc., who died at Ashland last Friday, and who was supposed to have a brother and sister in this city.

He left a considerable amount of money, and unless some of his people are found, this will revert to the state treasury.

NEW DEVALERA CABINET

Most of Its Members May be Easily
Located—In Jail

Dublin, Nov. 28.—Eamonn de Valera today from his hiding place defied the Free State by naming a new Irish republican government of his own. The "rebel" cabinet, most of whose members are in jail, include President and Minister of Foreign Affairs De Valera, Minister of Finance Stack, Home Secretary Rutledge, Minister of Defense Mellows.

Free State troops renewed their drastic efforts to get De Valera. The Irish republican president may be executed if captured.

PACKER DEAL CAUSES SPLIT IN THE CABINET

**Wallace Says It Must Not Be
Allowed, Dougherty
For It**

Washington, Nov. 28.—A split has developed in President Harding's cabinet over the proposed merger of Armour and Morris packing interests. Secretary of Agriculture Wallace, in charge of enforcement of all packer laws, is strongly opposed to the consolidation.

Attorney General Daugherty, the law officer of the government, who would conduct any prosecution of the packers at the request of the department of agriculture, not only sees no legal obstacles to the merger but favors it. This difference of opinion probably will be brought up at today's cabinet meeting. President Harding will have to make the final decision.

WIDOW HALL PICKETS GRAND JURY'S ROOM

**While Alleged Eye Witness of Mur-
ders Walks in and Swears
to Her Story**

Somerville, N. J., Nov. 28.—With Mrs. Francis Hall sitting at the door of the grand jury room waiting for a chance to demand a hearing, Mrs. Jane Gibson today told the investigators her eye witness story of the Hall-Mills murder.

Entering the jury room, Mrs. Gibson walked within a few feet of Mrs. Hall, who she asserts she saw at the scene of the tragedy of the night of September 14. The widow did not twitch a muscle of her face or shift her gaze as the eye witness passed. She ignored her completely. Miss Sally Peters, who was sitting beside Mrs. Hall, glanced at the witness and then whispered to Attorney Pfeiffer.

Mrs. Gibson was flanked by state police as she paraded down the corridor to the jury chamber. Her testimony was secret, but if she has not altered her tale she told the jurors she was riding her mule in love's lane on the abandoned Phillips farm September 14, and that in the glare of the headlights of an automobile she recognized Mrs. Hall standing by the road. A few minutes later, she had stated, she witnessed the slaying of Rev. Edward Wheeler Hall and his "wonder heart," Mrs. Eleanor Mills. Later in the night Mrs. Gibson asserts she returned to the scene and saw a woman weeping over the bodies. She alleges this woman was Mrs. Hall.

As Mrs. Gibson was to give her testimony behind closed and guarded doors, Mrs. Hall continued her "picketing" of the grand jury entrance without a sign of emotion. She appeared almost happy as she chatted with Miss Peters and her lawyers. Various lawyers connected with the investigation all of whom know Mrs. Hall by sight passed in and out of the jury room at intervals. They paid no attention to the widow, never glancing in her direction. Mrs. Hall returned the compliment, ignoring everybody.

DUFFY IS NAMED EDITOR OF LEGION NEWSPAPER

F. Ryan Duffy of Fond du Lac, state commander of the American Legion, is to be the editor-in-chief and business manager of the bi-weekly legion newspaper to be devoted to the interests of the organization in Wisconsin. It will make its first appearance some time in January. The paper is to be sent to every legionnaire in the state.

Miss Laura Bilawski, for the past several months a member of the George Turrish household in Buena Vista, and this city, returned to her home at Kenosha on a morning train today.

CONCRETE ASKED ON HIGHWAY 18 WEST OF BRIDGE

**City Petitions County For
Pavement on Superior
Avenue**

Concrete on highway 18 on Superior avenue from Central avenue to the present two-mile stretch of concrete on that highway in the town of Carson, is asked of the county board of supervisors in a petition by Mayor J. N. Welsby of Stevens Point, read to the supervisors Tuesday morning.

The petition promises that if the county will improve this stretch of road by county, state and federal aid, the city will have a permanent pavement constructed on Central avenue from the Clark street bridge over the Wisconsin river to Superior avenue.

State Jurisdiction
The petition cites the fact that the county and state have jurisdiction over work done on this street, because of the fact that houses are 200 feet apart. After it was read it was referred to the state aid road and bridge committee.

Attached to the petition were resolutions passed in the common council of the city of Stevens Point, introduced by Alderman M. Cassidy in 1921, and Alderman M. M. Ames at the October meeting of the council in 1922, stating that the council believed concrete should be placed on 18 on Superior avenue.

Would Consolidate Libraries
The board was asked, again, to consider a proposition by which the Portage County Traveling Library would be consolidated with the Stevens Point Public Library, in order that the traveling library would be more efficient, and the work of the two bodies could be coordinated.

The request was contained in a report from the traveling board, by Mrs. R. A. Cook, the president, and Mrs. C. E. Shortell, secretary-treasurer. The report stated that there were 1,904 books which were the property of the traveling board, and which circulate through rural districts in the county.

Ask \$1,000 Appropriation
An appropriation of \$1,000, and the consolidation of the city and county library boards was suggested. The request pointed out that the city library is serving 300 rural residents at the present time, without aid from the county, and presented a budget which would be followed should the board make the \$1,000 appropriation. Plans of the board were to use this \$1,000 fund to buy more books, purchase equipment, and see that sections of the library are in every rural school and community. Langlade, Marathon, Rusk and Milwaukee counties are using this library plan, it was stated.

If the board felt that it could not make the \$1,000 appropriation at this time, the traveling library officers asked that a fund of \$400 be given for the use of the traveling library, \$200 to care for the lack of an appropriation last year, and \$200 for the coming year.

Two Vacancies
There are two vacancies on this board. It was reported, the last occasioned by the death of Miss Martha Week. The report recommended that Mrs. W. F. Collins of Arnott and Miss Lillian Arnott of Stevens Point be appointed to fill these vacancies. Because of the fact that the report included a request for an appropriation, it was laid over for 24 hours.

The committee on sheriff and constables' fees reported it had checked over the report of Sheriff John A. Berry. The total of fees was \$3,521.91, of which 75 per cent had been paid, leaving \$877.85 due. The report was accepted.

Would Name Cottages
Supervisor John F. Kubisiak of Amherst entered a resolution that the county farm committee be ordered to ask cottage owners at Lake Emily to name their cottages so that the town assessor could more easily and accurately know who owned the various cottages about the lake. The resolution was passed.

HOPE BY FILIBUSTERING TO KILL THE DYER BILL

Washington, Nov. 28.—The Democratic filibuster in the senate against the administration's program swung into full stride this afternoon under the leadership of Senators Underwood, Alabama, and Harrison, Mississippi. Attempts by Republican leaders to rush through the Dyer anti-lynching bill were met by a barrage of points of order, oratory and other filibustering tactics. The Democrats have the support of insurgent Republicans. The filibusterers hope to definitely delay any action on the measure at this session of congress.

GIRL IN CONFESSION IN SCHNEIDER CASE

**Admits Sending Poison but Says That
It Was Intended for Another
Woman of Same Name**

Chilton, Wis., Nov. 28.—Under the direction of Dr. Daniel Hopkinson, Milwaukee pathologist, the body of Mrs. Frank Schneider, poison candy victim, was exhumed today. A post mortem examination will be made by Dr. Hopkinson in an effort to determine whether her death was caused by strychnine poisoning, as indicated in a confession signed last night by Miss Anna Lenz.

Miss Lenz, daughter of a wealthy farmer near here, was to be arraigned today on a first degree murder charge in connection with the death of Mrs. Schneider.

Miss Lenz in her confession last night said she sent the package of candy containing strychnine, but that she intended it for Mrs. Henry Schneider and she had placed the wrong address on the box. Mrs. Frank Schneider receiving it by mistake.

Suspicion was directed toward Miss Lenz when it was found she had visited the Schneider home shortly after the death of Mrs. Schneider. The Lenz home is directly across the road from the Frank Schneider home. It was also learned, according to the district attorney, that Miss Lenz had been employed at the Frank Schneider home several years ago and she had been asked to leave by Mrs. Schneider.

Finally Admitted
New York, Nov. 28.—Miss Nancy Jordan, pretty unwedded mother, and her three year old son, were admitted to the United States under \$500 bond each by Ellis Island immigration authorities today.

**RUSSIA IS NOT ADMITTED
TO FULL PARTICIPATION**
Lausanne, Nov. 28.—The Allies decided today in a secret conference that Russia's demand for full participation in near eastern discussions on the basis of equality will be rejected. Russian representatives were only invited to participate in discussions affecting the straits.

**MARATHON, WOOD COUNTIES
RAIDED BY DRY AGENTS**
Moonshine raid were staged in Marathon and Wood counties the latter part of last week under supervision of eight dry agents. Many arrests were made and four pleas of guilty entered in circuit court at Wausau as a result. Other cases, those in Wood county, will be heard at Wisconsin Rapids.

**LIUTENANT AT FT. SNELLING
DEAD BY HIS OWN HAND**
St. Paul, Minn., Nov. 28.—Lieutenant Charles E. Clay, 25, Louisville, Ky., was found dead in bed at Fort Snelling yesterday with a pistol at his side. He had been shot through the head. Circumstances pointed to suicide. The body will be sent to his parents at Louisville.

**SAYS SHE KILLED HUSBAND
ONLY IN SELF DEFENSE**
La Crosse, Nov. 28.—Mrs. Mary Pittz, charged with the murder of her husband while he slept in their home here February 4, told police shortly after the shooting she killed him before he could kill her, according to testimony in her trial today.

OASIS OR MIRAGE

Ex-Greek Premier Is Sent to Death Associates Die Too

Athens, Greece, Nov. 28.—Six members of the Greek cabinet, that fell when King Constantine abdicated, were executed here today. It was officially announced. They were shot by a firing squad. The ministers were condemned by a military court, which investigated the recent Greek defeat in the war with Turkey. They were accused of being responsible for the Greek collapse.

Among those condemned to die is former Premier Gounaris, arch-enemy of Venizelos and instrumental in restoring Constantine to the throne. Upon the overthrow of Venizelos he succeeded him to the premiership under Constantine.

Others to be executed are: Former Minister of War Photakis, former Foreign Minister Baltazzi, former Finance Minister Protopapadakis and M. Padjanestis.

DAVIS NOT RESPONSIBLE FOR DRUNKEN MIDDIES

Believes Liur on Which Students Celebrated Was Imported
Washington, D. C., Nov. 28.—A conference on prohibition by Prohibition Director Davis of Pennsylvania and federal prohibition officials, on the alleged widespread violation of the dry law by midshipmen after the army navy games in Philadelphia was held here today.

Davis indicated that he did not consider himself responsible for the alleged "wetness" of the navy at a recent Philadelphia hotel Saturday night. He stated that he believed the four which the middies were reported to have consumed "was imported" into the city.

OLD STONES UNEARTHED

**Bones of Early Days Also Found by
Diggers at Wausau**
Two old stone grave markers and a number of bones, believed to have been remnants of Wausau's first cemetery, were unearthed recently by workmen excavating for a basement under the Moose temple on Second street there.

One of the slabs was broken and the other, which was 18 by 26 inches by two inches thick bore the inscription: "Wieswald, died at age of 27 years, seven days and seven hours, 1855. No physician or doctor could help him." On the broken slab the only legible inscription was "1856." The slabs were used in the foundation of the temple and the bones were carried away with the sand.

The contractor, John H. Schmidt, stated that he did not think the bones were those of human beings, as they were very large.

Old timers had no recollection of the Moose temple, but it was recalled that

CORPSE OF MARATHON BOY FOUND IN WOODS

**Gruesome Discovery Reveals That He
Killed Himself With Use of
Pieric Acid**

Parts of the body of Edward Bunn, who disappeared on November 14 from the home of Mr. and Mrs. Henry Ferge of the town of Weston in Marathon county, with whom he had lived for two years, were found Sunday afternoon about three o'clock near a cluster of young trees surrounded by slashings on the farm of John Schrieber in the town of Wingle, which is about one mile from the Ferge home. The remains were found by Ed. Elanson of the town of Ringle while hunting with his brother, Robert Elanson, and George Frei.

Coroner William C. Mellahn of Wausau was notified and went to the scene, where he learned that the boy had used pieric acid to end his life. Only his arms, legs, hips and head were found, the trunk of the body having been blown away.

Further investigation revealed that Mrs. Mary Kordus, who lives about one-quarter of a mile from the scene of the fatality, said that she heard three shots on November 14, the date of his disappearance, and a few minutes later a louder report and then a dog bark as if in pain. The Ferge family told of the return of the dog, which had been wounded.

H. L. Prince, head of the state school at Sparta, was advised and Coroner Mellahn received a message from H. L. Prince of Sparta requesting the remains to be shipped to Sparta. They were sent there by express.

TEETH ARE TAKEN FROM SUBSIDY ACT

**Amendment Practically Ends Subsidy
Unless Congress Passes It Year
after Year**

Washington, Nov. 28.—Another blow was struck at the Harding-Lasker subsidy bill today when the house adopted an amendment knocking out the "permanent appropriation" feature and substituting that no subsidy money shall be paid out except as appropriated each year.

Republican leaders backed down before the onslaught of Democrats and western Republican irregulars. Chairman Madden, Illinois, of the appropriation committee, offered the amendment. Republican Floor Leader Monroney promptly endorsed it.

AMERICA WON'T JOIN IN ALLIED DEAL IN TURKEY

**Separate Treaty Favorable to
United States Interests
Proposed**

Washington, D. C., Nov. 28.—The near eastern peace conference at Lausanne is about to mark another break between the policies of the United States and the great Allied powers, it was evident in official and diplomatic quarters today.

The United States government will not be a party to the treaty of peace to be worked out between the Allies, Greece and Nationalist Turkey at Lausanne. The main reason why the United States is not to be a party to the treaty of peace being framed at Lausanne is because this country was not at war with Turkey and hence this government does not feel warranted in maintaining such settlements as affect her boundaries.

Ambassador Child has not yet been given power to negotiate a treaty with Turkey, but it is believed probable that he is informally sounding out the Turkish representatives on the question and that Child, and possibly Joseph C. Grew, minister to Switzerland, and Rear Admiral Bristol and two other American representatives at Lausanne may be empowered later to work out the agreement.

The proposed pact between the United States and Nationalist Turkey is to be a treaty of amity and commerce, establishing an up to date basis for relations between the two countries in the light of changes in the world war and the victory of the Nationalist Turks.

Some of the most important points to be covered in this treaty, at least so far as American desires are concerned, are as follows:

1. Guarantees for open door. Freedom of opportunity without discrimination or special privilege for commercial enterprises.
2. Maintenance of capitalization. Extra territorial rights in Turkey necessary to safeguard non-Moslem interests.
3. Indemnity for American losses in Turkey as a result of arbitrary and illegal acts.
4. Protection of minorities and of philanthropic educational and religious institutions.

TO SEIZE THE RUHR IF GERMANS DEFAULT

**France to Set up Nominally Independent State West of the Rhine,
Under Her Control**

Paris, France, Nov. 28.—Premier Poincaré's plan for seizing German property and invading German territory was today formally approved by the French cabinet. The plan is for the formation of a new state, to be called "Nominally Independent State of the Ruhr," which will be under French control. It will have a nominal German government, but the real power will be in the hands of the French.

OLD STONES UNEARTHED

**Bones of Early Days Also Found by
Diggers at Wausau**
Two old stone grave markers and a number of bones, believed to have been remnants of Wausau's first cemetery, were unearthed recently by workmen excavating for a basement under the Moose temple on Second street there.

One of the slabs was broken and the other, which was 18 by 26 inches by two inches thick bore the inscription: "Wieswald, died at age of 27 years, seven days and seven hours, 1855. STEVENS POINT GAZETTE

WEDNESDAY, NOVEMBER 29, 1922

Journal Printing Company, Publisher
 Entered at the postoffice at Stevens Point, Wis., as second class mail matter.

TERMS OF SUBSCRIPTION

For weekly edition of the Gazette and Journal, in Portage county, outside the city of Stevens Point, \$2 a year; six months, \$1.25; three months, 75 cents. In the city of Stevens Point and outside Portage county, \$2.50 a year; six months, \$1.50; three months, 90 cents. All subscriptions payable in advance and to be stopped at expiration of term for which subscription is paid.

The County Agent

When expenditures are out of proportion to income the business man makes plans either to reduce expenditures or increase income. The county board now in session is wisely bending every effort toward reducing expenditures, hoping to make taxes more nearly proportional to farmers' incomes this season. Undoubtedly part of the support for the recent resolution to abolish the county agent office came from this motive. It is well, however, in any legislation to consider to what extent it will effect the desired result.

Figures for the past year show that if there had been no county agent in Portage county, taxes would have been less by not quite nine cents for each \$1,000 assessed value. Out of each dollar paid in taxes, two-fifths of one cent went to pay salary and expenses of the county agent, or about 60 cents was paid by the average farm. Without a county agent, the remaining county taxes would have been forty times his appropriation, anyway. And if the entire tax levy for county purposes were eliminated, if there were no county officers, no courts, no county road work, no county board session, we should still have paid more than \$52 of each \$100 we did pay this year.

Evidently no great relief from taxes is to be expected by abolishing the office of county agent. On the other hand, everyone knows that the greatest relief for the farmer would come from an increased income. The only public money spent for this purpose in the county is that appropriated for the county agent. Very little for the promotion of the greatest business we have, nevertheless actual money savings and profits have been made for Portage county farmers each year to return the appropriation several times over, to say nothing of intangible results. Since January first this year at least \$5,000 has been saved by purchase of picric acid, an equal amount by securing federal veterinarians to test cattle for tuberculosis without cost, and still further returns are shown by improvement in crops, control of disease and improvement of soil.

We believe our best chance for relieving the farmer lies in helping him to increase his income so that he will have money to pay his taxes and buy necessities and luxuries. And the county agent is the only public means we have for working toward that end at present in this county.

Criticism of the county agent is often based on the fact that he is not able to help every farmer in the county. No other appropriation directly benefits every citizen. Even our highway and school taxes are paid by all for the benefit of some. One road helps here, a bridge there, and it seems likely that the work of the county agent is at least as well distributed as any other equal appropriation. Further, his assistance is available to any farmer or community applying for it.

Our present county agent, H. R. Noble, has not been here long enough to become widely acquainted. We understand his salary is \$500 less than that of his predecessor. He has started in as if he knew his business and we note that Hearst's Dairyman for November 17 has a feature article describing and praising his work in Iowa county. We believe it would be a mistake to abolish his office now.

County Roads

Besides the state trunk highway, which eventually will be concrete all over the county, we need a good system of gravel roads from Stevens Point and even more roads of gravel, dirt or no gravel will be more than a couple of miles from a first class road. The filth coming in from the several towns which will double the load on the road, promise some road improvement off the state trunk highway improvement off the state trunk highway in 1923.

Lanark at last is going to start building her share of the Pleasant Valley road. She will take care of half of it next year, and probably the other half the following year. Buena Vista will repair some bad spots on the same road. Some surfacing will, however, remain to be done in Buena Vista, yet the present plans call for building of a pretty good road for the Waupaca county line. The Pleasant Valley route is one of the great natural routes of the county, and when

fully improved, it will be a popular alternative drive from the city to Waupaca, will give a shorter route from Wisconsin Rapids to Waupaca and will open up a large farming district to better marketing facilities at Waupaca, Amherst, Arnott, Plover and Stevens Point. It is promised that in the next list of state highways, provided the county does a reasonable degree of improving on the road, this route will be included.

Very valuable roads too are the two Linwood roads to Rudolph, which should be county trunks, the Sharon-Shantytown road, the Almond-Blaine road, on which more work is to be done, routes north and northeast of Amherst, and number of others on which work is planned in 1923.

Improved Streets Increase Possibility of Accidents

In the past no automobile accidents occurred at the intersection of Blawley and Church streets. Nobody thought of driving a car through the former street except occasionally an ambitious agent trying to prove to a prospect what his car could do in an almost impassable road. But with the putting in of concrete conditions have changed. Three cars figured in a collision at that corner a day or two ago.

Persons driving on Water, Plover, Pine and Wisconsin streets have also had some close escapes. Where previously nobody drove on those streets unless he had business within the block, now they are largely used and the driver must be prepared to meet another car shooting around a corner from a street until lately sandy and entirely safe.

Supervisor Foxen's Bonding Table

Supervisor J. O. Foxen of Amherst, who has a gift for figures, has taken the trouble to work out the cost of \$500,000 highway bonds, principal and interest, to each owner of \$1,000 of assessed valuation in Portage county. That table, published in the Daily Journal on Monday, should be clipped out for reference.

Providing the county issued bonds in the sum of \$500,000, the total cost over a period of 20 years on each \$1,000 of assessed valuation would be \$19.06, or 95 cents average a year.

The table too requires further explanation, showing how the cost will be further reduced and the benefits increased. Mr. Foxen figures interest at five per cent; Portage county today can borrow all the money it wants at 4 1/2 per cent. That reduces the interest charge one-tenth. Also this plan assumes that the entire sum would be issued at once and begin paying interest, whereas the bonds would be issued only as needed to pay for the work as done. As the state of Wisconsin proposes to pay 40 per cent of bonds for permanent highway improvements as they mature, if Portage county were willing to spend \$500,000, it would really issue bonds for \$325,000, and as they expired the state would take care of the \$325,000. For this total sum the county would get 35 miles of road, and as it would hardly be built faster than 10 miles a year, it would be three and a half years after the work begun before the whole number of bonds would be issued. All this tends to reduce the interest, while the part done by the state would increase the benefits.

Further, if \$500,000 were to be made the total sum to be expended, then the state would pay \$200,000, depending on action by the new legislature, of course, and the county would be left to pay only the principal of \$300,000 and interest on it.

Thus it may be seen the situation would be considerably more favorable to the county taxpayers than Mr. Foxen's table shows. But taking it just as it is, who is there not willing to spend 55 cents a year—the price of four gallons of gasoline—on each \$1,000 of his assessed valuation for the sake of getting 35 miles of paved highways or the main routes in Portage county?

A Mehan-Kellner Road

Another route deserving of attention from the county highway authorities is that from Kellner to Nechan where it connects with Road 66. There is now a road, partially improved. Supervisor Albert Timm proposes to complete the improvement and provide the town of Grant with a good highway even in wet weather from the town of Grant to Mehan, Plover and the county seat. This is almost the only connection Grant has with the rest of the county from which it is cut off by no means. Mr. Timm is sure the request for county aid on this project will be able to get it.

The County Agent

County Agent Noble is to have done some valuable work for the farmers of Portage county, but being a medical man, he said something about it here, and it seemed that his friends thought he was joking. He will go good here in Portage county if given a chance. The city is interested in the county agent to the extent that it is now paying \$500 a year for his services.

A \$500,000.00 Issue of Highway Bonds Would Mean an Average Tax of Ninety-Five Cents on Each Thousand Dollars of Assessed Valuation

Supervisor J. O. Foxen of Amherst village has worked out a table showing the cost to the taxpayer of \$500,000 of highway improvement bonds in Portage county. Should that sum in bonds be voted, and the first road program go through, it would make available an expenditure of \$325,000 through this bond issue as the state would pay 40 per cent of the total expenditure. That sum would build 35 miles of concrete highway.

According to Mr. Foxen's figures the

Interest on	Int. due	Prin. due	Prin. & Int.	Prin. & Int.	Prin. & Int.
\$500,000	\$25,000	\$25,000	\$50,000	\$115.00	1st year
475,000	23,750	25,000	48,750	113.25	2 year
450,000	22,500	25,000	47,500	111.50	3 year
425,000	21,250	25,000	46,250	109.75	4 year
400,000	20,000	25,000	45,000	108.00	5 year
375,000	18,750	25,000	43,750	106.25	6 year
350,000	17,500	25,000	42,500	104.50	7 year
325,000	16,250	25,000	41,250	102.75	8 year
300,000	15,000	25,000	40,000	101.00	9 year
275,000	13,750	25,000	38,750	99.25	10 year
250,000	12,500	25,000	37,500	97.50	11 year
225,000	11,250	25,000	36,250	95.75	12 year
200,000	10,000	25,000	35,000	94.00	13 year
175,000	8,750	25,000	33,750	92.25	14 year
150,000	7,500	25,000	32,500	90.50	15 year
125,000	6,250	25,000	31,250	88.75	16 year

tain his office. It gets no direct benefit from his work. Yet the city is indirectly benefited by the prosperity of the rural districts, and it has thus an interest in supporting any measures which are helpful to the farmer. If the farmer has good crops and good stock and gets good money for them, the city and villages are tremendously benefited and they are certainly not intruding when they join the farmers in steps believed to be mutually helpful.

ARCHITECT CONFERS ON HIGH SCHOOL JOB

To Install Fountains in Halls of New Building Instead of Wash Basins

Members of the joint council and board of education High school building committee met at the court house Saturday to confer with Robert A. Messmer of Milwaukee, architect. The meeting was held to go over slight alterations in the plans of the school building, that required the sanction of the committee. One of the principal changes made was the selection of fountains to be placed in the halls of the new unit. The fountains will serve the place of the wash basins, of which there were to have been 20 in the building. They are large, of an ornamental nature and will provide space for seven persons at one time. There will be four such fountains.

Good progress is being made on the erection of the new unit, and it is expected that the roof will be placed on the building in three weeks. Work on the heating plant is to be pushed, so that when the roof is on heat can be turned on, and the gymnasium in the basement made ready for use. It is believed that the gymnasium will be ready for use after the Christmas recess.

Members of the committee are Joseph Schaefer, Bernard Moench and C. A. Schenk, from the common council, and Paul Hoffman, Alex Ringness and F. A. Neubauer from the board of education.

LARSEN BUYS DWELLING

Roseth Home on Center Avenue Sold to Assistant Cashier

The stately heated and modern equipped cottage at 121 Center avenue, owned for the past couple of years by Simon Roseth, was purchased a few days ago by L. T. Larson, assistant cashier at the First National Bank. Mr. and Mrs. Roseth expect to move to the property this week, and Larson is to take possession of the property. The house is a two-story building, with a large front porch, and is situated on a corner lot. It is a very attractive dwelling, and is well equipped with modern conveniences. Larson is a well-known business man in the community, and his purchase of the Roseth home is a notable transaction.

ALLOS IN COLLISION

NO ONE IS INJURED
 Two touring cars owned and driven by Chas. Wharist of Plover and one owned by Hammen, chairman of the board, collided at the corner of Strong and Center streets, Monday afternoon. The Hammen car was escaping with only a scratch to one headlight when it was left on wheels on the Wharist car was smashed and the driver was injured.

PLAN CONCRETE FOR POPULAR HIGHWAYS

Road No. 35 to be Re-routed to Start at Fremont and Go to Winchester via Zittau

Highway program of late to Stevens Point motor who travel to Oshkosh, Fond du Lac, Milwaukee and other state cities were adopted by two counties, Winnebago and Outagamie, during the past week end.

The Winnebago county board of supervisors has adopted a resolution providing for the issue of \$117,000 in bonds for construction of two important stretches of concrete highway in 1923.

Of this amount, \$50,000 is to be expended on the Fremont-Zittau-Winchester-Neshan road and \$67,000 on the Oshkosh-Lake road. Improvement of the former highway will be of special interest here, as it will provide an excellent route for local motorists driving to Oshkosh, Fond du Lac or Milwaukee or other points in that territory.

Several miles of concrete have already been laid on the Fremont-Zittau stretch, and it is an extension of concrete on this road that is now to be put down. If improved through to Winchester, an excellent route will be provided to Oshkosh, where No. 15 is picked up, from which point there is a straight stretch of concrete all the way to Milwaukee. The motorist will be able to turn south at Winchester on highway 55, which begins at Road head on No. 18, and travel over a good gravel road to Dute des Morts, from which point 55 is concrete to Oshkosh.

Providing the concrete is laid east from Winchester, another good route will be opened up. This will be the Winchester-Neshan road and is approximately the same distance as the stretch from Winchester to Oshkosh. It has been decided to reroute 55 so that it will start at Fremont instead of Headfield, and run to Winchester via Zittau, as soon as the new stretch of concrete is laid.

The Outagamie county board of supervisors have voted to expend \$150,000 on a county highway program next year. State highway projects in that county will be taken care of separately, the amount appropriated being entirely for county trunk routes. An appropriation of \$2,000 was also voted for the removal of snow on main traveled highways. An amendment was offered reducing the amount to \$1,000 but was voted down.

TRANSPORTATION CO. REDUCES BUS FARES

Passengers Between Terminals to Profit by Cut Effective December 1

A reduction in fare on the busses of the Stevens Point Transportation company starting December 1, was announced by Manager J. L. Ripton of the Stevens Point Transportation company Monday.

The present fare of 10 cents to any point on the bus line is cut to five cents, provided the passenger does not ride the entire route. If he does, it will remain at 10 cents. A passenger traveling between the post office terminal and the Soc. line station or the fair grounds, will pay only five cents, while one going from the fair grounds to any point past the middle station, will pay 10 cents, starting Friday.

Our announcement is made in the interests of normalcy," said Manager Ripton. "We believe that a reduced fare such as we announce, will enable more people to patronize our service, and will be an inducement to them to ride instead of walk when they are going any place our busses serve. Cost of operating has been reduced slightly, which also enables us to make the lower fare possible," he said.

IMPROVEMENT PLANNED

Soc Line Property at Marshfield to be Made Beautiful

R. D. Beecher, depot agent for the Soc. line at Marshfield, on Saturday announced that the company has planned to beautify the depot grounds in 1923 by improving a driveway and by adjoining the depot building. A part of the state has been leveled and will be used for the parking place. One will be planted with lawn and will be used for flower boxes. A driveway will be marked with white paint. The improvement will be completed in the spring.

SACK MAN AWARDED CONGRESSIONAL HONORS

Stark farm, Portage county, has been awarded a Congressional honor for its sack man, who has been working for the government for many years. The sack man is a very important person in the community, and his work is highly valued. The award is a recognition of his long and faithful service to the government and the community.

10 Additional Miles Of Concrete Is Voted By Wood County Board

The Wood county board of supervisors by a vote of 27 to 15 decided upon a road building program for 1923 which will consist of approximately 10 more miles of concrete. A resolution calling for an appropriation of \$100,000, which includes about \$33,000 as state and federal aid money, was adopted after a heated discussion.

The new highway program, although not a small one, is a modification of the 1922 program and provides for less than two-thirds of the improvements of a year ago. Expenditure of funds in 1923 for concrete in Wood county is listed as follows:

State trunk highway 13 running out of Wisconsin Rapids, \$20,000; from Pittsville west, \$10,000; Wisconsin Rapids-Sherry-Miladore road, \$50,000; eighth street road south of the Wisconsin Rapids city limits in the town of Grand Rapids, \$20,000; village of Babcock, \$20,000; town of Arpin, connecting the village with route 13, \$22,000; town of Rudolph toward Wisconsin Rapids \$20,000; and city of Marshfield on route 97, \$17,000. Following the adoption of the 1923 program a resolution was brought in appropriating \$20,000 for the town of Port Edwards for a mile of concrete south from what is known as the Woods Hill road.

A motion offered by A. E. Bennett, one of the supervisors, imposing a tax of \$2,000 per mile on all concrete built in towns, villages or municipalities not in the state aid or federal aid or bond issue programs, was carried but the action was reconsidered a few moments later and the action rescinded.

The board appropriated \$9,000 as aid to the villages of Port Edwards and Nekosha to help defray the expenses of the building of a new road between the two places.

The Wood county program does not include all projects ordered by the state and further state highway improvement is expected to include the building of concrete between Blenker and Abundale on road 18, making a straight stretch of concrete from Miladore to Marshfield.

TWO NORTH WESTERN TRAINS AGAIN RUNNING

Trains No. 6 and 27 on the Chicago and North Western railroad, running between Marshfield and Fond du Lac, made their first runs Monday after being off the schedule for several months. The trains were discontinued early in the summer's strike last summer, because of the strike and because, as the road announced, of a shortage of coal. The trains serve Almond village, and their resumption greatly improves the mail service between Almond and Stevens Point. Patrons on rural routes will be able to secure mail from Stevens Point the next day hereafter, instead of two days later, as has been the case for the past few months.

BOY CUT BY WIRE FENCE

John Krutza, 11 year old Amherst boy, received a severe cut on his neck when he ran into a wire fence, which caught him on the neck and across the chin. The wound was only an inch from the jugular vein.

HOPE TO INSTALL CHIMES IN TOWER

Rev. James C. Hogan Makes Announcement of Plans to have Set in New Church

It is the hope of Rev. James C. Hogan and the congregation of St. Stephen's church to install the first set of chimes in Stevens Point in the tower of the new edifice which the congregation is erecting on Clark at Pine street.

Announcement was made at the Sunday services at St. Stephen's, by Rev. Fr. Hogan, of his hopes to have the local congregation, by special subscription, purchase a set of chimes at a cost of \$5,000.

In his talk Rev. Fr. Hogan made a plea for 50 persons to donate \$100 each in order to make the purchase possible. Quick response to the request resulted, for at the last mass on Sunday, he announced that three had already promised to make \$100 donations.

CUT APPROPRIATION

Atwell Says \$2,500 Too Much For Grounds and Buildings

Two thousand five hundred dollars for the committee on grounds and buildings was thought too much by members of the county board of supervisors at its meeting on Friday, and after discussion members of the board saw it cut to a flat \$1,000. The resolution was put in by C. D. Aldrich, chairman of the committee. After it had been read Supervisor V. P. Atwell arose and declared that, as a member of the committee, he did not believe that \$2,500 was needed. "A thousand dollars is all this committee needs, I believe," he said. Mr. Aldrich defended his resolution by referring to the fact that an appropriation of \$2,000 in 1921 had been overdrawn by the committee. "The money won't be stolen," he said, "and it'll remain in the treasury if it isn't spent."

"It would be better if it were in the hands of the taxpayers than in the county treasury," replied Mr. Atwell. Continuing, he declared that he believed the grounds and buildings committee was performing acts regarding purchases for the court house and other buildings that were beyond its powers. O. A. Crowell moved that the motion be amended to \$1,500, and his motion was carried. Then a second amendment to \$1,000 was proposed by Supervisor Atwell and this amendment was carried, 16 to 13. The resolution as amended finally was carried by the board by a vote of 17 to 12.

IS AGAIN COMMISSIONER

Edward Morris has been unanimously re-elected Wood county highway commissioner by the county board of supervisors in session at Wisconsin Rapids. He had no opposition.

The Cost of Reasons.
 "I never ask others to think as I do," repeated the famous declaration, "because tomorrow I may think differently myself."—Hobson Transcript.

NEWSPAPERARCHIVE

MONEY is a great Constructive Force

Money in the bank makes a man feel INDEPENDENT and enables him, when he has saved enough of it, to buy into a BUSINESS.

The man who attends to business and saves some money of his own earning, is the kind of a man that owners of large enterprises are looking for to interest in their business.

No man can afford NOT to bank and save a part of what he makes.

We will welcome your account.

 Not the Biggest—But the Best

COUNTY BOARD VOTES TO MEET TWICE A YEAR

Resolution Providing for Session In April Is Passed

The board of supervisors of Portage county will meet twice yearly hereafter, a resolution by V. P. Atwell, supervisor from the Third ward Stevens Point, passed at Monday afternoon's session of the board, so providing.

Two sessions yearly will prove more economical, will enable the board to more efficiently care for county business under the supervisors' control and will expedite the work, the resolution states.

Meeting in April

It provides that one of the meetings will be held in November, as the usual meeting has been held heretofore. The first yearly meeting shall be held in the spring, the session to open the third Tuesday of April.

Supervisor Atwell had another resolution read to the board Monday afternoon, which has as its purpose economy in the purchase of materials for the county. This resolution, which is laid over for a few days on recommendation of Mr. Atwell himself, gives board members opportunity to discuss it, provides that whenever material for the county must be purchased at a cost of over \$200, bids be advertised for and the lowest bidder be awarded the contract or sale, as the case may be.

All purchases, the resolution further provides, must be kept within the appropriation, and it is recommended that the county treasurer be ordered to pay orders in excess of appropriations. This resolution will have effect on work done by day labor under the supervision of the state road and bridge committee.

Grant Asks Aid

The town of Grant in a petition by Albert Timm, supervisor, asks the county for an appropriation of \$500 for the purpose of grading and surfacing the road in Grant which has been asked to be designated a county trunk road. This is a road which will provide the town with an outlet to state route 66, and a better route to Stevens Point. The petition of Grant was referred to the state aid and bridge committee. Grant will meet a county appropriation with like sum.

Before the county board will make an appropriation for the purpose of trying out the provisions of the Mothers' pension law, it wants to hear on county Judge W. F. Owen how the law works out, it was brought at this afternoon. A resolution asking an appropriation of \$5,500 for the mothers' pension act in this county, presented by Edward S. Thorpe, in exception of the clause relating to the county judge and reported that the county judge had stated that it would take \$4,598 properly to carry out the law's provisions, it was moved at the resolution be laid over until there is a report from the county judge on this phase of his work.

Thanks from Club

An expression of thanks to the board for the \$500 appropriation toward the older memorial fund being raised by the local Woman's club was read. The communication was signed by Mrs. J. J. Ennor, Bessie May Allen, Mrs. J. W. Coon, Mrs. M. D. Vinkle, Mrs. G. W. Whitely and Mrs. E. D. Carleton, chairman Park of the board informed the board that the Woman's club had out of its own funds, appropriated \$500 for the memorial.

E. D. Stinson of Belmont was elected a member of the county board of education by the board, after he had been nominated, in glowing terms, by supervisor D. W. Sawyer of Belmont. Mr. Stinson takes the place of Lyman Precourt of Buena Vista, whose term on the board expires at this time.

He Won't Fall

Mr. Sawyer nominated Mr. Stinson after the annual report of the County superintendent of Schools Alice M. Jordan had been read, and had been referred to the committee on settlement with the county board of education.

"We are getting on the home stretch now," said Mr. Sawyer, "and we ought to speed up. It doesn't seem as though the board of education thinks much of us. They seem to fall for the skirts of D. Stinson. A good business man will be sure to be as economical in county affairs as is possible, and I'm sure he won't be influenced by anyone else. I nominate him for Mr. Precourt's place," he concluded.

"Do you guarantee that he won't fall for the skirts?" asked Charles Brady of Buena Vista.

"Well, he said he wouldn't," answered Mr. Sawyer.

No other nominations for the board of education position were made, and Mr. Stinson was elected without any further discussion.

The other members of the board of education are John Marchel and Martin Heffron.

FANT LARNER POLICE

FORCE AT THE RAPIDS

A petition asking that the present police force be increased by at least one man for the purpose of handling traffic more effectively and giving better protection to the business district during the day time has been signed by 150 business men of Wisconsin Rapids, and will be presented to the council there at its next regular meeting.

Shuda-Petrick Wedding

Frank Shuda and Miss Victoria Petrick, both resident of Hull town, were married at St. Casimir's church at 9 o'clock Monday morning. Rev. J. Grunski officiating. The bridesmaid was Miss Pearl Shuda, the groom's sister and Barney Petrick, a brother of the bride, was bestman. Little Bridget Shuda, a niece, served as flower girl.

The bridal gown was a handsome creation of white satin and her flowers comprised a shower bouquet of chrysanthemums.

The bridesmaid's dress was peach colored changeable taffeta and she had on a corsage bouquet of carnations. The flower girl wore white taffeta and carried a basket of carnations.

Guests limited to members of 18 families, partook of a wedding dinner at the home of the bride's parents, Mr. and Mrs. Jacob Petrick. A reception was held there in the afternoon and continued through the evening.

Mr. and Mrs. Shuda will live on a farm in Hull.

Reaches Four Score

Mrs. Karen Nelson, who has lived on the old home farm adjoining the Tomorrow river, in New Hope, for more than 60 years, observed her 80th birthday anniversary on Wednesday, Nov. 22. The occasion was made memorable by a gathering in the afternoon by some 35 neighbors and friends, who came to offer felicitations. They left many tokens of affection, including a substantial purse.

Mrs. Nelson, the mother of 13 children, was left a widow when her youngest child was only three years of age, but with the stamina of a true pioneer she kept her family together in that prosperous section of Portage county.

Mrs. C. H. Gardiner of this city, a daughter, was among the number who attended last Wednesday's celebration.

Married at Waukegan

Miss Edna Chase, daughter of Mr. and Mrs. C. H. Chase of Bancroft, and Leo J. Laird, son of Mr. and Mrs. George C. Laird of Fond du Lac, stole a march on their friends November 18 when they were married at Waukegan, Ill., by a justice of the peace.

The couple were unattended. The bride wore a dark traveling suit. Mr. and Mrs. Laird, who are on a wedding trip, are expected to arrive in Fond du Lac within a few weeks. The bridegroom is affiliated with the Kummerow & Laird auto repair shop in that city.

Local Graduate Weds

Miss Thelma Blanche Wright of Hancock, a sister of Ben O. Wright, traveling salesman for John V. Farwell company of Chicago and who makes his headquarters in this city, was married at Gary, Ind., November 17 to William J. Hoover, an instructor in the boys' industrial school at Waukegan.

Mrs. Hoover's parents are Mr. and Mrs. Warren Wright of Hancock. She graduated from the Stevens Point State Normal domestic science department a few years ago and has since been employed as teacher. She is now in charge of domestic science work in the Ashland High school and expects to remain there until next June.

Wedding at Almond

Rev. F. Forster, pastor of the Almond German Lutheran church, officiated at a wedding in that village last Tuesday evening, Nov. 21, the contracting parties being Miss Emilie Holtz and Gus Lueck. The attendants were Norbert Zaudke, Allen Hetzel, Alta Hetzel and Norah Zaudke. Miss Irene Zaudke, a niece of the bride, played the wedding march.

The ceremony was performed at the home of the bride's sister, Mrs. Albert Zaudke, and was followed by the serving of supper to a company of 25 to 30 friends, including Mr. and Mrs. William Holtz of this city.

Mr. and Mrs. Lueck left on a Tuesday night train for Iowa to visit the groom's relatives, later going to their new home in Fond du Lac.

Patokle-Drewa

Miss Mary Patokle of the town of Amherst and Vincent Drewa of this city were married at St. Mary's church at Fancher last week Tuesday morning. Rev. S. A. Elbert officiating.

The couple was attended by Emily Suski and Frank Patokle, Alice Lazarowich and August Zbirowski. Theresa Meronk was the flower girl, and was dressed in white organdy and carried a shower bouquet of roses.

The bride wore a gown of white silk and she carried white chrysanthemums. The bridesmaids were dressed in blue silk.

The wedding dinner, attended by 30 or more families, was served at the home of the bride's parents, Mr. and Mrs. Joseph Zbirowski in the town of Amherst.

Normal Girl Waukegan Bride

A Normal school romance of a year ago culminated in the marriage last week at Waukegan, Ill., of Miss Blanche Plaisted of Nashauk, Minn., and Bernard Precourt of Buena Vista. The couple are residing in Milwaukee, where the bridegroom has a position.

The bride is a grandniece of the late J. D. Giles and prior to last week had been making her home with Mrs. Giles while attending the State Normal school here. This was her second year at the school. The bridegroom is a son of Mr. and Mrs. Lyman Precourt of Buena Vista and was a student at the Normal last year.

Their marriage was not only a surprise to friends but to relatives as well. Just before leaving the city with Mr. Precourt, Miss Plaisted announced that she was going to her home at Nashauk, but instead the couple went to Waukegan.

Waukegan Marriage

Two well known young people, Horace C. Atkins and Miss Agnes J. Richinger, traveled to Gretna Green over the past week end and returned to Stevens Point early Sunday morning as man and wife. They were quietly married at Waukegan, Ill., Friday afternoon.

The bride is a daughter of Mrs. J. A. Eichinger, 304 East avenue, is a graduate of the State Normal here and at present a teacher in the High school at Wisconsin Rapids. She will continue to teach the remainder of this school year.

The bridegroom is a nephew of Mr. and Mrs. W. A. Atkins, 1209 Main street, and is stable sergeant at the armory here. During the World war he served with the Canadian forces.

Early Morning Marriage

Miss Sophie Bryceland, for the past several months a member of the G. L. Park household on Clark street, was married at St. Stanislaus' church Monday morning at 8 to Peter Szczesny of Carson. Rev. A. Malkowski officiated. David Loss and Miss Martha Tryba were the attendants.

Miss Bryceland wore white messaline and georgette crepe, with bead trimmings and carried a shower of pink and white carnations.

The bridesmaid's dress was of pink changeable taffeta.

Dinner was served to a small company of relatives and friends at the home of the bride's mother, Mrs. Jos. Woyak, 802 Wisconsin avenue.

Miss and Mrs. Szczesny will make their home in Stevens Point.

Golden Wedding in West

Mr. and Mrs. J. A. Miller of Palouse, Wash., formerly residents at Almond village, celebrated their golden wedding anniversary on November 13, according to word received in the county.

A crowd of Palouse residents, numbering their host of friends there, surprised them at their home on the evening of the anniversary, and an informal evening was spent.

Mr. Miller, when he resided in Almond, was for a number of years engaged in business with J. A. Bowden.

DRY AGENT TOO WET IS PLACED IN JAIL

Wife of Carl Henning Makes Charge of Intoxication Against Him at Madison

Madison, Nov. 28.—Carl Henning, state prohibition enforcement deputy, is free after having spent part of a night in jail on a charge of intoxication brought by his wife. Mrs. Henning withdrew her charge within a few hours, after two police arrested Henning at his home. He will not be prosecuted.

Charge Pending Here

A charge of assault and battery is pending against Henning in Justice G. L. Park's court, and is scheduled for trial December 11. Leo Wanta, proprietor of a saloon on the square, is the complainant in the case, which arose after Henning and R. G. Fuller had made a liquor raid on the Wanta saloon. A similar complaint is pending against Fuller, made by George Molski, a local resident, who was in the doorway of the saloon while the raid was in progress.

Relatives Not Satisfied

Fond du Lac, Nov. 28.—Relatives of Mrs. Frank Schneider will not rest until they ascertain the exact cause of her sudden death. Mrs. Schneider died in convulsions shortly after eating a chocolate bar sent through the mails. It is feared she was a victim of poison.

Reports from Milwaukee, that no poison was found in her stomach is followed by a statement from Brother-town that Mrs. Schneider's body will be exhumed Wednesday and her vital organs sent to Milwaukee for examination.

While physicians now hold her death was due to acute peritonitis, it is also said that the symptoms of strychnine poison are very similar, and to clear any possible doubt the post mortem will be held.

KILLED BY SOO TRAIN

Chicago Man Loses Life on Crossing at Oak Park, Ill., Sunday

Soo line extra freight No. 2438, southbound, struck and killed H. E. Stevens, 4231 Monroe avenue, Chicago, last Sunday afternoon at Oak Park, Ill. The man walked directly in front of the train and had apparently crossed safely, as he was out of the engineer's vision. It is believed that he suddenly stepped back. The entire train passed over him before it would be brought to a stop.

Sheet Gets News by Wireless

Yakutat, a fishing village of far north Alaska, has a newspaper which picks up its news from the wireless.

CITY BRIEFS

WEDNESDAY

Mrs. Cora Sizer who had been visiting at Minneapolis, arrived here Tuesday to spend a few days with her niece, Mrs. George Lovejoy and other local relatives before returning to her home at Neenah.

Raymond Hackett who had been here for nearly a year, serving as timekeeper for the Inman Construction company, builders of the new hotel, St. Stephen's church and the High school, returned to Fond du Lac Tuesday afternoon. His company has several million dollars' worth of contract work at Atkinson, Kas., and Mr. Hackett may be transferred to that city.

Mrs. John F. Sims left Tuesday for Menomonee, Wis., for a week's visit at the home of her niece, Mrs. C. R. Freeman.

Miss Marguerite Slattery of Sturgeon Bay is visiting at the home of her sister, Mrs. James P. Glennon, Normal avenue.

THURSDAY

Mr. and Mrs. Fred Sobek of Minneapolis have located in Stevens Point. They will do life insurance work with this city as their headquarters. They have leased the Raymond residence at 421 Water street.

George E. Leahy, who is serving in the navy, is home from Boston for a few days visit with his parents, Mr. and Mrs. John Leahy, 113 Center St.

Miss Emma Opperman of McMillan visited over Tuesday night at the home of her brother-in-law, Otto A. Neumann on Division street. She left on a morning train Wednesday for Pasadena, California, to spend the winter with a sister and brother in that western city. For a number of years Miss Opperman has served as housekeeper for and companion to Mrs. B. F. McMillan, who has gone to Florida for a several months' sojourn. Mrs. McMillan was accompanied by a sister who lives in Oregon.

Mrs. James B. Sullivan left for Chicago Wednesday morning to visit a week with Mrs. R. G. Hawley, whose home is in Franklin Park, a suburb of that city.

Mrs. F. B. Rowe and daughter, Miss Mildred, were visitors at Oshkosh Wednesday.

Mrs. T. L. McGlachlin left yesterday for a visit at the Evanston, Ill.

Mrs. R. H. Weller, who visited a few days at the home of her daughter, Mrs. Geo. B. Nelson, returned to Fond du Lac yesterday.

Drs. G. H. Lawrence and W. P. Mailer, accompanied by Mrs. Lawrence and Mrs. Mailer, left for Chicago Wednesday afternoon. Dr. Mailer going there to consult medical specialists and may undergo an operation. He has been quite poorly for several weeks.

Mrs. M. A. Dille, who had been visiting at Minneapolis for several days, arrived here Wednesday afternoon for a short stay among local friends before returning to the Wisconsin Veterans' Home near Waukegan.

Mr. and Mrs. Anthony J. Eiden of Ironwood, Mich., who visited for several days at their old home in Sharon and among other relatives in this city, left for Chicago Wednesday afternoon to look after business matters. Mr. Eiden has operated a popcorn stand at Ironwood for several seasons and has met with excellent financial returns.

Frank Wheelock has returned from Karinen, S. Dak., to join Mrs. Wheelock at their home on the West side. He expects to remain here during the winter and in the meantime the ranch property will be looked after by their sons. Last season's grain crops were the best they have had for many years but shipment to market is being delayed because of shortage of railroad cars.

Mrs. Carl T. Moeschler and little son Bob, of Buffalo, N. Y., are visiting at the home of Mrs. William Moeschler, 303 Prentice street, to remain until Saturday of next week.

FRIDAY

Mrs. J. F. Chynoweth, who had been a guest at the home of her parents, Mr. and Mrs. O. Parmeter, left for Milwaukee this morning to visit her sister, Mrs. J. A. Verson, before returning to Calumet, Mich.

Mrs. Chas. F. Thoms went to Oshkosh this morning for a short visit among friends in that city.

A daughter, Winifred Ruth, was born to Mr. and Mrs. W. L. McGill at Milladore last Sunday, Nov. 19. Mr. McGill, who is agent for the Soo line at that station, formerly lived in Stevens Point.

Mrs. A. C. Kingston left here this morning for Milwaukee and Muskegon, Waukegan county, for an over Sunday visit with friends. She will be joined this evening by Mr. Kingston and their son Sam, who expect to return early next week. Mr. Kingston goes from Milwaukee to her former home at Chilton to remain for Thanksgiving.

Mrs. C. B. Sarger of Chicago, who visited during the week at the home of her brother, J. M. Marshall, and with other local relatives, returned to Chicago today.

Mrs. Fred F. Cawson and little daughter, Doris, who visited for a month with her father and sister, David McGill and Mrs. H. C. Cawson, left on a morning train today for their home at Gladwin, Mich.

Mrs. V. P. Atwell and Mrs. D. J. Leahy were guests of friends at Plainfield today.

Miss Nellie Walker of Waukegan spent part of this week as a guest of Mrs. V. P. Atwell returning home today.

Mr. and Mrs. Leo Gonsok and baby daughter Donella, returned home Monday morning from San Springs.

where they spent the week with Mrs. Groshek's sister and brother-in-law, Mr. and Mrs. Stephen Meronek.

Amherst Advocate: Mr. and Mrs. Hans Gladoske and children expect to move to Stevens Point the first part of next month, and will make that city their home. Mr. Gladoske has been employed as brakeman on the Portage branch of the Soo line for some time past and the family will find it more convenient to have their headquarters in Stevens Point.

President John F. Sims left this morning on a week end business trip to Milwaukee and Chicago.

Mrs. Gertrude Graves and son Wendell, 738 Michigan avenue, have returned from a several weeks' visit with relatives and friends in Jackson and Trempealeau counties.

J. D. Fowzer, who spent several weeks in this city during the summer and fall, receiving medical treatment and visiting at the home of his son, Dr. L. R. Fowzer, has returned to Manawa and resumed the position of agent for the Green Bay & Western railroad.

Mrs. Julius Krenski who had been very sick for several weeks with lung trouble, followed by later attacks of pleurisy and pneumonia, is in alarming condition today and there seems no hope for recovery. Mrs. Krenski is the oldest daughter of Mr. and Mrs. M. Rybicki, 215 Union street. Mr. Krenski is a salesman at Green Bros. drygoods store.

John Zolander spent part of this week on a visit among friends at Tomahawk and Rhinelander.

He is a graduate of the Stevens Point High school, later taking the engineering course at the University of Wisconsin, and has been located in big eastern cities ever since getting his diploma.

FOSTER GOES ON TRIAL

Alleged Revolutionary Ruler Must Meet Serious Charges

St. Joseph, Mich., Nov. 28.—William Z. Foster, radical, with 19 colleagues, went on trial here Monday for alleged violation of the state law against syndicalism.

Foster has been under \$10,000 bond since his arrest in Chicago August 23, two days after 17 radicals were seized by federal officers in a raid on a Communist convention.

Foster, it was alleged, was one of the several delegates who attended the convention and escaped shortly before the raid, which the federal men claimed had been tipped off.

Foster was leader of the 1919 steel strike. As head of the trades union educational league, he has been active in fostering the "one big union" idea

News of Portage County

THREE CARS DAMAGED
Autos in Triple Collision at Street Intersection

Three automobiles were damaged in a triple collision at the intersection of Prowley and Church streets at 3 o'clock Saturday afternoon.

The cars, running in the smashup, were machines driven by Mrs. A. H. Stokes, D. A. Merryfield and G. B. Sanders. Mr. Sanders is a resident at Plainfield, while the other two are Stevens Point people.

Mrs. Stokes was driving north on Church street. Mr. Merryfield went on Broadway and St. Sanders south on Church. The Merryfield and Stokes machines collided first. Mr. Merryfield's car striking the Stokes auto in the rear wheel. The Stokes car ran on in the direction on Church street, while the Merryfield into continued across Church street and collided with the Sanders machine, which then crashed over the street curbside and came to a stop on the parking on the east side of Church street. None of the occupants of the cars was injured.

The running board was crushed and a hub cap broken on the Stokes machine. A wheel torn off the Merryfield machine. The Sanders car and Sanders driver were uninjured.

BOARD MEMBERS ENDORSE CHANGE IN HIGHWAY LAW

All But Two Sections of Resolution on Proposals Carried Unanimously

The Portage county board of supervisors Thursday passed a resolution endorsing recommendations for legislative action by the state on a new state highway law, as laid out by the legis. committee of the Wisconsin County Boards association, and endorsed by the state highway commission.

The resolution, read to the board members by J. P. Mengel, division highway engineer, and explained by him, was passed on a viva voce vote after its original sections on the proposed changes in the state law had each been subjected to an "aye" and "nay" vote. All but two of the eight sections of the resolution were carried unanimously, and the two sections which were defeated, 22 to 7, and 22 to 1, were the sections which related to the highway commission.

All but two of the eight sections of the resolution were carried unanimously, and the two sections which were defeated, 22 to 7, and 22 to 1, were the sections which related to the highway commission.

The resolution, read to the board members by J. P. Mengel, division highway engineer, and explained by him, was passed on a viva voce vote after its original sections on the proposed changes in the state law had each been subjected to an "aye" and "nay" vote. All but two of the eight sections of the resolution were carried unanimously, and the two sections which were defeated, 22 to 7, and 22 to 1, were the sections which related to the highway commission.

ALMOND LOSES FEED MILL IN COSTLY BLAZE

Second Fire of Its Kind in the County Since Monday of Identical Origin

(From Wednesday's Daily)
The second mill to burn to the ground in a Portage county village since Monday morning was destroyed at Almond village Tuesday afternoon when the mill of Oscar Cuiver was totally destroyed at a loss estimated at between \$15,000 and \$12,000. Not a cent of insurance was carried.

Flames on Monday morning completely destroyed the feed mill of M. C. Conrad at Rosholt village, resulting in a loss of \$5,000 or more. The Rosholt fire for a time threatened the village hall, located next door, when fire fighting equipment failed to function.

Of Identical Origin

Both fires were of identical origin, starting from back-fire in the engine room of the two mills. The mill at Almond, of frame construction, its corners and crevices filled with the powder-like dust which had accumulated during the many years it had been in use, was a mass of flames in a short time. Despite good fire fighting equipment and water pressure, it was impossible to save it and after two hours the structure had been reduced to a mass of live embers. The village chemical equipment was brought into good use and water was also pumped from a nearby cistern, but this accomplished but little.

Feed and Flour Burn

A valuable stock of feed and flour in the Almond mill was also consumed by the flames. Just what quantity of these products the building contained was not learned, but word received by the Journal from Almond places the loss at nearly a carload of feed and approximately the same amount of flour.

Landmark of Village

The building was one of the landmarks of the village, having been erected more than 20 years ago. It had since been in almost constant use, and besides handling flour and grains, also did custom grinding. It was located on the east side of the village and the fire did not threaten other buildings. Flames were discovered at 3 o'clock in the engine room, located in the south side of the structure.

Second Bad Fire There

The fire was the second costly one which has hit Almond in less than a week's time. Last Saturday flames gutted the machinery of the village power house, causing heavy damage and complete suspension of electrical service. The village is still without lights, repairs and installation of new equipment not yet having been made. Meanwhile residents have brought lanterns and old lamps into use once more.

WIDOW OF LINEMAN GETS NEARLY \$6,000

Mrs. Roy Hamel, Accompanied by Her Baby, Plans to Return to Former Home in Canada

Mrs. Roy Hamel left on Friday morning for her former home in Alberta province, Canada, and may remain there permanently. She will be accompanied by her baby son, now two months of age.

It will be recalled that Mrs. Hamel's husband, a lineman employed by the Wisconsin Valley Electric company, was electrocuted while at work on a pole at the corner of Church and Brawley streets, a couple of weeks ago.

The local corporation and a surety company which handles their accident claims have been generous in dealing with Mrs. Hamel's widow, giving her a check for \$500, contributing \$100 additional towards the payment of funeral expenses, and also making an allowance of \$75 per month for the next six years, or a total of \$5,250.

PER CAPITA TAX HERE IS LOWEST IN STATE

Comparative Rates for Wisconsin Cities Given Out by Commission

Stevens Point has the lowest tax rate per person of any of the following 19 cities, according to figures just compiled by the Wisconsin tax commission:

Ashtabula	\$26.87	Bellevue	\$32.97	Chippewa Falls	\$28.29	Eau Claire	\$35.36
Fond du Lac	\$38.04	Green Bay	\$37.28	Kenosha	\$42.68	La Crosse	\$35.51
Madison	\$50.40	Milwaukee	\$42.49	Oshkosh	\$36.60	Racine	\$34.77
Sheboygan	\$32.59	Wausau	\$40.04	Stevens Point	\$24.90	Washburn	\$26.24
Waukegan	\$34.27	Wisconsin Rapids	\$40.45	Superior	\$12.49		

RESOLUTION ASKING \$120 FOR EXHIBIT IS TABLED

A resolution from the Portage County Potato Growers' association, by Louis Skoglund, its president, asking an appropriation of \$120 from the county board for the purpose of making an exhibit at the Wisconsin Products Exhibition in Milwaukee in December, was ordered laid on the table Thursday afternoon on motion of D. W. Sawyer of Belmont.

Mengel Promises Concrete On Ten North And South

The town of Plover's offer to pay one-third of the cost of concrete on highway 10 below the present concrete, to the Moore barn, and on state highway 66 to Meehan, has been refused by the county state aid road and bridge committee, because of promises which have been made by Division Highway Engineer F. F. Mengel, according to Supervisor D. H. Parks of Plover.

The state highway engineer, according to Mr. Parks, recommended that Plover's offer to pay the greater share of this work be refused because, Mr. Mengel stated, the state highway commission will in all probability order concrete on 10 below Plover village as a state and federal aid job, and at the same time order work to be done on the same route north of Stevens Point.

"The county committee recommended that Plover accept, instead of concrete on 66, in view of the promises of the state engineer, clay and gravel, and there is now good possibility of that sort of work being done in 1923," said Mr. Parks. "Plover will be, I believe, satisfied with this proposition. It will mean a saving of money to us, and we will get concrete on one of the jobs we asked, besides improvement on 66," he concluded.

EUREKA NOVELTY CO. NEW INDUSTRY HERE

Building on Union Street Purchased and Operations are Soon to be Started

Stevens Point's newest industrial concern is the Eureka Novelty Manufacturing company, with factory and office quarters in the cement and stone building on Union street now being completed by B. V. Martin.

This property, which is 100x190 feet in dimensions, is located on what was known in early days as Moses' creek and later called the slough, but which is now as dry as the ordinary roadway at nearly all seasons of the year.

Principal stockholders in the Eureka company are J. C. Kummel of Milwaukee and R. O. Kollup of Cranston, Ill. While the present corporation is just being organized under Wisconsin laws, the men named above have been associated in the manufacturing business for several years, their equipment being located in leased quarters in Chicago.

High operating cost, including the handling of raw material, induced them to seek a new location nearer the source of supply and through long personal acquaintance with one of Stevens Point's prominent business men, Messrs. Kummel and Kollup were urged to come here.

Various prospective sites were looked over and when Mr. Martin offered to sell them the solid structure he is finishing, they readily accepted his offer.

The Chicago factory will be closed and all machinery therein shipped to Stevens Point next week. A number of new machines have also been ordered and when the Eureka begins operations within a few weeks it will have a completely equipped plant, all driven by electric power, each machine having an individual motor attached.

This company makes advertising novelties, their principal products being display cabinets which are placed on top of show cases in furnishing goods stores, millinery and tobacco shops and other retail business places. The cabinets are made in various sizes and are sold in large quantities to wholesale houses and big manufacturers of useful and fancy articles.

Mr. Kummel will move to Stevens Point and take active charge of the factory while Mr. Kollup expects to maintain sales headquarters in Chicago.

It is not known definitely as to the number of hands to be employed, but it may number 40 to 50 within the next several weeks.

YOUTH BREAKS JAIL

Wood County Sheriff Finds Prisoner Gone on Reaching Kansas City

Clifford Wilson, 14 year old Wood county boy wanted at Wisconsin Rapids on a charge of larceny of \$10 in cash and a gold watch from his grandfather, John Wilson, proved too elusive for the authorities at Kansas City, where he was taken into custody.

When Sheriff Walter Mueller of the Rapids reached Kansas City to bring his prisoner back he learned that the boy had escaped the day before by jumping from a second story window. The boy has relatives in Kansas City and Omaha and it is believed that he will turn up again later.

700 MUCH WATER IN CISTERN, IS CHARGE

Frank Shlager, Jr. on Tuesday charged that he had not paid for a charge of water turned on to his cistern at 700 gallons, but that he had paid for only 100 gallons. The charge was made at a hearing in the city court on Tuesday afternoon. The charge was made on motion of D. W. Sawyer of Belmont.

PUBLIC OPINION AGAINST OFFICE SAYS RESOLUTION

Extra Space For Een Too Expensive, Make Room by Ending Job

(From Thursday's Daily)

The office of county agricultural agent for Portage county was abolished by the board of supervisors of the county at this afternoon's meeting at the court house, when a resolution by D. W. Sawyer of Belmont and George Stertz, Sr. of Junction City, was carried by a vote of 16 to 12.

After the vote had been taken and it was announced that the resolution abolishing the office had been passed, question arose in the board as to whether the present county agent, H. R. Noble, held a contract for two years, or whether his term of office expired January 1, 1923, when the resolution goes into effect.

Report Soon

Not willing to entangle the county in complications which might arise if Mr. Noble held a contract for two years, which no one in the board could definitely tell, Chairman G. L. Park referred the question to the committee on ways and means to learn as soon as possible, and report to the supervisors at the earliest possible time. C. F. Martin of Almond, chairman of the committee on the county agent, was unable to definitely state whether the contract was for two years, or whether the term of office which Mr. Noble is now serving expires January 1, 1923.

The Resolution

The resolution abolishing the office as prepared by Supervisors Sawyer and Stertz, was as follows: "Whereas there is not room in the court house building to make new office room for the supervisor of assessments without a large expense, and

"Whereas, there seems to be some public opinion that a county agent is unnecessary,

"Therefore, be it resolved that we discontinue said county agent after January 1, 1923."

"D. W. SAWYER
GEORGE STERTZ, Sr."
The Vote

The vote on the resolution was as follows: Ayes—J. O. Foxen, George Starks, D. W. Sawyer, Charles Brady, James M. Fogarty, Walter Jaworski, Edward S. Thorpe, Anton Laszewski, George Stertz, Sr., Charles Hammon, Ben Halverson, W. H. Hagan, C. J. Gilbert, Joseph Burant, F. A. Lukasavitz, M. J. Mersch.

Nays—Carl Belker, C. F. Martin, O. A. Crowell, John F. Kabisak, Albert Timm, George S. Diver, D. H. Parks, W. B. Goddington, G. L. Park, V. P. Atwell, Paul Lukasiewicz, G. D. Aldrich.

Supervisor J. A. Murat voted "present" when his name was called. Supervisor Edmond Frost was absent when the vote was taken.

COUNTY AGENT FUND IS SUM OF \$4,500

Board Appropriation is \$2,000, State Pays \$1,000 and Federal Government, \$700

The total funds available for the county agent office in Portage county each year under the present plan is \$4,500, members of the county board who are most interested in the agent question, explain.

Of this sum \$2,000 is appropriated by the county, \$1,000 by the state and \$700 by the federal government. Of the county's appropriation, it is stated, \$1,500 is paid the present agent as salary, and the remaining \$500 is used for the expenses of the office. At this rate, it is stated, the salary of Agent Noble is \$2,400 a year, and he has a fund of \$1,000 available for expenses.

Former County Agent Clark was paid \$1,000 each year by the county from the \$2,000 appropriation as salary and the remainder was used for expenses. Mr. Clark's salary, then, considering the state and federal aid, was \$2,500, \$500 more than the present county agent is receiving.

In 1921, it is explained, the county board passed a resolution continuing the county agent system for the next two years, and made provision for an appropriation of \$2,000 for each year. That appropriation could have been used for other purposes, but the system is continued by law. The money how ever, does not come from the county, and it is not paid to the county agent, but is paid to the state and federal governments.

It is stated that the county agent is not a salaried position, but is a position of honor and responsibility. The county agent is not a salaried position, but is a position of honor and responsibility. The county agent is not a salaried position, but is a position of honor and responsibility.

HEAVY FINE IMPOSED

Edward J. Haggerty, a well known Stevens Point resident, was fined \$500 by the circuit court on Tuesday for violating the prohibition law. The fine was imposed for the sale of intoxicating liquors.

County Board Gives Donation of \$500 For War Memorial

The Portage county board of supervisors Thursday made an appropriation by unanimous vote of \$500 toward a fund being raised in the city for the erection of a memorial to Portage county's soldiers in the World war.

The board was asked for the appropriation Wednesday morning by a committee of members of the Stevens Point Woman's club. A talk in favor of the appropriation was made by Mrs. J. A. Ennor of this committee before the board Wednesday morning, in which the plans toward the memorial were outlined. After a talk on the south side park, where it is proposed to erect the memorial, by M. E. Bruce of the Stevens Point park board, a resolution by D. H. Parks of Plover that the board make the appropriation was read, but according to rules on appropriations, was laid over for one day. Action, then was taken at this morning's meeting. Mrs. L. M. Maloney, also a member of the Woman's club committee on the memorial, has been actively working for the appropriation from the board for the past several days.

Report Soon

Not willing to entangle the county in complications which might arise if Mr. Noble held a contract for two years, which no one in the board could definitely tell, Chairman G. L. Park referred the question to the committee on ways and means to learn as soon as possible, and report to the supervisors at the earliest possible time. C. F. Martin of Almond, chairman of the committee on the county agent, was unable to definitely state whether the contract was for two years, or whether the term of office which Mr. Noble is now serving expires January 1, 1923.

SEIZE TWO STILL IN COUNTRY RAIDS

Fines of \$125 and Costs are Assessed in County Court

by Owen

Raids by men from Sheriff John A. Berry's office on two farms in Portage county Friday afternoon netted two stills alleged to have been used in the manufacture of intoxicating liquor and a quantity of alleged mash and moonshine.

Two men pleaded guilty to charges of violation of the liquor laws when arraigned in Judge W. F. Owen's county court Saturday. William Przybelski of the town of Hull, who lives on the Jordan road, was assessed a fine of \$150 and costs of \$10.45. On his farm were found 150 gallons of alleged mash, four gallons of alleged moonshine and a still in operation.

Leo Grushek of the town of Stockton, was also assessed a fine of \$150 and costs of \$10.45. On his farm, it is stated, were found a still, and a quantity of alleged illicit liquor.

Ed. Janicki and Walter Landowski, arrested on liquor charges following a raid on the Landowski saloon on the public square Thursday evening by state and federal prohibition agents, pleaded not guilty to the charges made against them, when arraigned in county court Saturday. Janicki is charged with destroying evidence to prevent seizure and Landowski with having intoxicating liquor in his possession and under his control. Both cases were adjourned to December 15 and the defendants released on bail of \$500.

ATTENDED FUNERAL OF BROTHER-IN-LAW

Returning Home, Mrs. O. H. Strache Is One of Passengers on Wrecked Train

Mrs. O. H. Strache has returned from Tracy, Minn., where she was called a week ago by the death of her brother-in-law, G. W. Kaechele, who passed away as the result of heart trouble after an illness of a year. The remains were taken to the Springfield, Minn., family home, for interment, and the funeral was held there on Monday. Mr. Kaechele had visited in Stevens Point on a number of occasions. Besides the widow, he leaves one daughter.

On her way home Mrs. Strache visited relatives at Belview, Minn., and in Minneapolis and was a passenger on related Soo line passenger No. 4 which was wrecked Thursday evening near New Richmond. None of the passengers on the train was injured.

LOCAL PEOPLE ATTEND FUNERAL AT MARSHFIELD

Mrs. Jerry Relahan, Miss Margaret Relahan, Mr. and Mrs. Geo. Quinn and family and J. E. Leonard of this city, Miss Mary, James and John Tovey of Stockton were among the out of town relatives who attended the funeral of Joseph Quinn, Jr. at Marshfield Saturday morning. Services held at Sacred Heart church at 9:30 o'clock were largely attended. The sorrowing friends, including 200 students and teachers from the high school, where the deceased was a senior, his former classmates and instructors accompanied the remains to their last resting place in the parish cemetery.

Joseph Quinn was fatally injured last week when he fell from a foot moving track upon which he and several other boys were riding.

BROTHER OF LOCAL MAN EXILES IN TOWA TOWN

J. W. Deane, brother of Marshall Deane, a well known Stevens Point resident, was exiled to Iowa town for a period of six months for violating the prohibition law. The exile was imposed for the sale of intoxicating liquors.

COUNTY NURSE MAKES FIRST ANNUAL REPORT

Over 700 Children in County With Defective Teeth Out of 1,000 Examined

Miss Gladys M. Huggert, county nurse, made her first annual report to the members of the county board of supervisors today at the court house.

In her talk Mrs. Huggert explained the nature of her efforts, and stated that in her work among school children in the county so far this fall she had found over 100 children with defective teeth, and over 500 who needed to have their tonsils removed. Slightly over 1,000 children have been examined by her so far this fall, she said.

She told of plans to hold a free tonsil clinic to have the tonsils removed from children whose parents are too poor to have this work done by a family physician, and explained the free dental clinics held in Stevens Point, to which many rural children were brought for treatment for their teeth.

Three children, who although they were not sick, had diphtheria germs in their throats and were carriers of the disease, were found in the school in Plover by the nurse, she said, when she started out to curb the spread of diphtheria in that district. Immunizing tests are now being made in this section, she said.

Dr. J. W. Coon of River Pines has donated his services to the county. Miss Huggert said, for free tuberculosis examinations.

In concluding her talk Miss Huggert asked that the county board consider a request from her for an increase in her salary from \$1,500 to \$1,800 a year, which she said, was the standard of wage paid nurses in other counties.

COUNTY COURT, PORTAGE COUNTY, WISCONSIN.—In Probate.

In the matter of the estate of Ferdinand Hirzy, deceased.

Notice is hereby given, that at a special term of the county court to be held in and for said county at the court house in the city of Stevens Point in said county on the third Tuesday (being the 19th day) of December, A. D. 1922, at the opening of court on that day the following matter will be heard and considered:

The application of Rosa Hirzy, administrator of the estate of Ferdinand Hirzy, deceased, late of Stevens Point, in said county, for the examination and allowance of his final account, and for the assignment of the residue of the estate of said deceased to his heirs persons as are by law entitled thereto; and for the determination and adjudication of the inheritance tax, if any, payable in said estate.

Dated November 18th, A. D. 1922
By the Court,
W. F. OWEN, County Judge.

Pub. Nov. 22, 29, Dec. 6, 13, 1922—6G
STATE OF WISCONSIN, IN CIRCUIT COURT, PORTAGE COUNTY.

First National Bank of Stevens Point, Wisconsin, a corporation, Plaintiff vs. Chester Gilman-Defendant.
THE STATE OF WISCONSIN, To the said Defendant:

You are hereby summoned to appear within twenty days after service of this summons, exclusive of the day of service, and defend the above entitled action in the Court aforesaid; and in case of your failure so to do, judgment will be rendered against you, according to the demands of the complaint, of which a copy is herewith served upon you.

FISHER & CASHIN, Plaintiff's Attorneys.
